

SkyWorld Survey Platform — Submission

Candidate: Emmanuel (manuijaev) | Task: Sky World Limited — Software Engineering Intern Pre-Interview Task | Date: June 2026

Required submission (5 items)

1. API repository	https://github.com/manuijaev/survey_platform/tree/master/backend
2. Web repository	https://github.com/manuijaev/survey_platform/tree/master/frontend
3. Public deployment	https://survey-platform-lemon-one.vercel.app
4. Mobile repository	https://github.com/manuijaev/simple-survey-mobile
5. Mobile APK	https://github.com/manuijaev/simple-survey-mobile/releases/download/v1.0.0/app-release-signed.apk

Repository mapping (spec names)

Monorepo	https://github.com/manuijaev/survey_platform
simple-survey-api	backend/ + database/ in monorepo
simple-survey-web	frontend/ in monorepo
simple-survey-mobile	Separate repo (above)

Public deployment and admin access

Web app	https://survey-platform-lemon-one.vercel.app
Surveys	https://survey-platform-lemon-one.vercel.app/surveys
Admin login	https://survey-platform-lemon-one.vercel.app/admin/login
Username	admin
Password	admin123

Task compliance summary

Database — PostgreSQL, sky_survey_db

ERD diagram	Done	database/ERD.png
SQL script	Done	database/sky_survey_db.sql
Postman collection	Done	backend/SurveyAPI.postman_collection.json

REST API — XML endpoints

All required endpoints implemented: survey CRUD, question CRUD, multipart response submit, paginated responses with email filter, certificate download. Question types: short text, long text, email, single/multiple choice, file (PDF).

Web UI — five pages

Survey management	Done	/admin/surveys
Question + options	Done	/admin/surveys/{id}/questions
Available surveys	Done	/surveys
Survey form (stepped, dynamic)	Done	/surveys/{id}/respond
Responses + filter + certs	Done	/admin/surveys/{id}/responses

Stepped form: one question per step, Previous/Next, review before submit, required validation, controls from API metadata (no code changes for new questions).

Mobile

Discovery + completion	Done	Web, PWA, and signed Android TWA APK
APK release	Done	v1.0.0, package com.skyworld.survey

All links are public. API/web READMEs: backend/, frontend/, database/. Assumptions: admin auth on web only; optional dynamic branching beyond base spec; email filter uses question name email_address.
